POLICY

For

ENERGY CONSERVATION

(IQAC- Internal Quality Assurance Cell)

### Preamble:

Swargheeya Sanjibhai Rupjibhai memorial Trust, SSR College of Education, Saily, Silvassa, has adopted Energy Conservation Policy for an "Environment of educational excellence" to promote environmental sensitivity and consciousness for holistic development of students, The college aims to reduce energy consumption comprehensively, to develop an environment that is consistent with a safe, secure, and Eco-conscious campus community. In this policy, energy conservation will be accomplished by developing a proactive effect and motivation for providing energy efficient, responsible, and cost- effective operations on campus.

Applicable to: Teaching staff, non-teaching staff, students and visitors.

### Energy Conservation Practices:

- The college has developed a plan to save energy at the campus level with the installation of solar panel at the boys hostel, girls hostel and principal quarters in the campus. Solar panel is obtained from the sun's radiation and it can be converted to electricity or heat. It uses renewable source of energy continuously available to meet considerable degree of power requirement, thus subscribing to Environmental Sustainability.
- Our Energy conservation practices include the College replacing tube lights with LED Tubes, LED bulbs being the most energy efficient lighting option. LED tubes use 75% less electricity than incandescent tubes (Energy Star). LED tubes last about 25 times longer than traditional in candescent tubes.

• Energy conservation practices and eco-friendly habits are inculcated among students and staff through cautioning them about simple things which are really effective to reduce Electricity Consumption like students and staff turning off all lights, appliances and electronics not in use. In the college building Sign boards are placed at switch boards giving instructions to turn off the electricity when they are not in use. Staff and students are motivated to use eco-friendly vehicles for transportation like using bicycles and E-vehicles.

### Spreading Awareness for Energy Conservation:

The college put efforts for raising awareness about sustainability, energy savings, and greenhouse gas inventory metrics to our students. Involvement of students in the energy savings projects is an excellent opportunity to build student support around campus sustainability. Energy improvements occur mostly due to vision so raising awareness of these projects can hold real benefits, including encouraging desired behaviour on how a campus building can be used to contribute to a carbon footprint reduction goal. Rising utility rates are generally a fact of life.

### Save Energy TIPS To Be Followed:

1. Turn off unnecessary lights where daylight is sufficient and avoid unnecessary use of fans.
2. Turn off the monitor when the students and staff leave the table.
3. Activate power management features on computer and monitor so that it will go into a low power "sleep" mode when the students and staff are not working on it.
4. Activate power management features while using laser printer.
5. Avoid the use of unwanted and decorative lighting.
6. If possible, shut down rather than logging off.
7. Use LED bulbs.
8. Keep lights off in auditorium halls, classrooms, library, laboratories, seminar halls, washrooms, common rooms etc. wherever they are not in use.
9. Unplug appliances not plugged into power strips such as smart boards, computers, air conditioners, printers, and chargers etc.

**WASTE MANAGEMENT**  
**(IQAC- Internal Quality Assurance Cell)**

- Contents:
1. Introduction
  2. Policy Objectives
  3. Organization and Management
  4. Action Plan

**INTRODUCTION**

Swargheeya Sanjibhai Rupjibhai memorial Trust, SSR College of Education, Saily, Silvassa is committed to maintain quality and serve the society through pursuit of excellence academics, cultural enrichment and outreach services. Institute came into existence in 2007, with the objective to promote higher education and to achieve academic excellence while maintaining ethical teaching practices in this tribal area. SSR College of Education, Saily, Silvassa, always tries for sustainable and holistic waste management essential in reducing its environmental footprint and providing a safe and healthy work environment for teaching and non-teaching employees, students, as well as visitors.

The College has an ethical duty to ensure that waste materials of the campus are removed or disposed with responsibility. We use proper waste segregation mechanism at the campus. The purpose of the policy is to facilitate implementation of the action plan for active promotion of transfer and use of cleaner technologies as per solid waste Management Rules inaugurated by the Government in 2016.

## POLICY OBJECTIVES

- To ensure that waste management is performed in accordance with all waste legislative requirements.
- To minimize waste generation at source and facilitate repair, reuse and recycling over disposal of wastes.
- To allot defined roles and responsibilities to identify and co-ordinate each activity of the waste management.
- To promote environmental awareness in order to increase encourage waste minimization.
- To ensure the safe handling and proper storage of wastes at college campus.
- To promote holistic approach of waste management in the campus.

## ORGANIZATION AND MANAGEMENT

Responsibility to manage waste in proper way shall be of all the teaching staff, non-teaching staff, sweepers, gardeners and students. The advisory board as per this policy is as under.

## ADVISORY BOARD

- a. Principal – Chairman
- b. IQAC Coordinator- Member secretary
- c. One Senior teaching staff
- d. Two representatives of the trust

## ACTION PLAN

All the waste materials in the whole campus will be handled centrally by the management including gardening waste, garbage (dry and wet), scrap of the institution, e- waste etc. E- waste of the college shall be submitted to the central store room of the administrative office of the trust. Disposal of other waste shall be done in a systematic way through Government vehicle as well as disposal of the waste.

**POLICY FOR WATER MANAGEMENT AND CONSERVATION**  
(IQAC-Internal Quality Assurance Cell)

Preamble

Water management and conservation is one of the major growing concerns of the present times. Issues related to water management should be addressed adequately. In this context our institute is committed to rain water harvesting and sustainable water management. The college has put several efforts to conserve water in form of water harvesting, bore well recharge system, maintenance of water distribution system etc. Therefore, institute make a policy for water conservation and sustainable maintenance of resources.

Vision

Proactive Water management system leads to water conservation which is the measure to increase recharge of groundwater. The institution views water from the three inter-related dimensions of Efficient Conservation, Responsible Consumption and Restoring and Retaining surface of groundwater.

Objectives

- To ensure sufficient water supply to all sections and departments in college campus. To store the water for gardening & washing purpose.
- To increase recharge of groundwater by storing rainwater through rain water harvesting.
- To recharge bore well system in monsoon season.
- To reduce wastage of water sensitively.
- To maintain cleanliness to prevent water runoffs and clogging of waste material into nearby water sources.

Facilities

- Rain water harvesting.
- Well-developed bore well system.
- Water distribution system in the Campus
- Storing of water for plantation in the college building.
- Display of boards to reduce wastage of water
- Urinals in the washrooms to reduce use of water.
- Promoting use of sanitizer instead of handwash with water.

**Policy for financial assistance to staff to attend Seminars,  
Conferences, Workshops etc.**

Faculty Development being the most important aspect in the field of Education, SSR College of Education always try to create and promote research culture among the staff. Financial assistance will be provided to the staff those who participate in various conferences/seminars/FDPS and present papers or to publish papers in reputed journals, once in academic year to each faculty as per the following guidelines:

**1. Financial Assistance for Paying Registration Fees:**

	Criteria as on date of publication or participation	Faculty
1. Participation at Seminar/Conference with paper presentation.	Below 1 year Exp. At SSR College of Education	Nil
2. Research Paper Publication in reputed National/International Journals.	01 to 02 years exp. At SSR College of Education	Rs. 1000/-
3. Publishing article, chapter in ISBN/ISSN edited Book.	Above 2 to 5 years exp. At SSR College of Education	Rs. 1500/-
4. Participation in Faculty Development Program/Workshop.	Above 5 years exp. At SSR College of Education	Rs. 2000/-

2. If the participant has to travel out of D& NH, payment of TA will be as per norms, DA will be paid only if participant conforms that food facilities were not provided by the organisers.

3. All the above claims should be submitted by the individual within 10 days of attending seminar/workshop/conference/publication in a book with valid payment receipt duly recommended by the principal of the college. Claim received after 10 days will not be entertained for the payment.

4. The participant has to submit the certificate/ proof of the claim along with the bills.

5. Accounts department will keep a record of all disbursements and will ensure that payments are disbursed as per policy.

### Policy on Mentor-Mentee

As per our Vision and Mission, to develop Teachers who are capable of catering local and global needs in field of education, College had made policy for Mentor -Mentee system through which to provide support and assurance to student who are in role of mentee. At the beginning of academic year as first year admission is completed, allocation of mentee to Mentors for the academic year is allotted. Mentor interact with the allocated mentee personally and tries to understand their academic, educational needs as well as their strength and weaknesses. Mentor also categories mentee in to various criteria as like advance learner, slow learner, special student, gifted learner etc. further throughout the academic year Mentor plays the role of guide, philosopher and supporter for allotted mentees. Mentees are allowed to feel free for sharing their academic, personal issues with mentor and discuss the situation. Mentor tries to resolve the issues if the problems under his/her control or in jurisdictions otherwise consults the higher authorities to discuss and sort out the issue. The decision is be taken unanimously regarding resolving the problem. In this way throughout the course and for all groups of mentor-mentee same policy is applied effectively and provided proper support to mentee as per the solutions of their academic, educational needs as well as their personal requirements too. It is really helping to understand our mentee (student trainee) properly

### *Policy for Remedial Teaching*

The institution provides support for improvement of academically relatively below average students through remedial coaching. The students with low performance are identified from their level of understanding concepts and performance in the test papers and Prelim examinations conducted. Remedial teaching is given to the students who score less than 50% marks in Term Examination.

The following methods are adopted for remedial measures:

Peer group discussions

Special classes by the Faculty

Remedial test papers

Assignments

Question bank, etc.

The outcome result will be analyzed. Remedial coaching will be given by the respective departments. The teacher retains them after the class hours and provides them time to discuss their difficulties in particular subject, clarify their doubts, learn important topics discussed in the class and conduct test papers to get the students well versed in the important topics. These students are given special care, their area of difficulty is identified and remedial action is taken to solve their problems. The special concentration to the slow learners effectively guides them to overcome their difficulties in learning and score good marks in their examination.

## RESEARCH POLICY

### Preamble

SSR College of Education focuses on promoting Research Culture by complementing it with teaching – learning in which freedom of inquiry, thought, expression and publication are given the fullest protection..

### Research Policy of the College

This institution provides a space for unbiased quest for knowledge to its stakeholders in order to uncover information through research, where it disseminates knowledge and transfers technical knowledge how to greater enrich neighborhood community

### Aims and Objectives

1. To develop desired awareness regarding research in the faculty and students of SSR College of Education
2. To establish a right kind of research culture through various research initiatives and programs.
3. To encourage faculty members to publish research papers and undertake various research projects of social and academic importance.
4. To publish a research journal, to provide a dais to the faculty members, as well as researchers and academicians in the college as well as in those from academia across the country.
5. To create awareness in the society through various research initiatives and by giving due publicity to the socially useful research projects that will be undertaken by the college.
6. Identifying, collaborating and establishing linkages including MOUs with National/International/Govt/ Non-Govt/ Industry/ Research organizations and Local agencies to benefit from the activities and programmes conducted by those organisations for widening the scope of the research opportunities, obtaining sponsorships and funding options available.
7. Serving as a facilitator to provide professional guidance, technical support and recommendation for financial assistance
8. To create awareness about patents and intellectual property rights and assists them in applying.

### Research Related Programmes of College

1. Seminar and Paper Presentation programmes

2. Group discussion
3. Educational survey
4. Projects in different problems in educational scenario
5. Action researches in different school problems
6. Case study Survey of adolescent Learners
7. Granting leave for Research Work and Presentation of paper in seminar and conferences
8. Publications and presentations on research related topics.

### Computer Lab Policy

Institution has established the computer lab; where 20 computer systems are available for studentteachers. 40 students could take advantage in one session.

#### Objectives

- To complete projects and assignments by accessing online and offline resources.
- To develop the computation and presentation skills of student teachers.
- To enhance technological knowledge of student teachers through ICT training.
- To facilitate effective learning to the student teachers by making use of ICT resources.

#### Utilization of Computer Lab

- The basic and advanced uses of Word, Excel, PowerPoint and Database are explained and hands on experience are given to the students by dividing them into batches.
- Training for Basic computer skills is given for the benefit of the students.
- Students prepare lesson plans for their practice teaching by using these basic skills and present in their respective classes.
- Computer lab is also used by the student teachers to complete their projects and other assignments. Online information is accessed for projects and other assignments.
- Online information is accessed regarding university circulars, notices, examination and other college work.
- It is also used for accessing online and offline resources/online open educational resources.
- Student teacher do self-study, by browsing through sites recommended by the staff.
- Student teachers are encouraged to prepare lesson plans using technology.
- Students use it to access notes, PPT's sent by staff on common E mail Id.
- Students use it to write year plans during the exercise of Goal Setting in the process of Mentoring,
- Student teachers use lab to prepare for daily Assemblies
- To give Faculty Feedback using Google document
- Lab is used to prepare for Seminar Presentations.
- To improve English communication, increase vocabulary etc.

## Rules and Guidelines

The justified utilization of the facilities is to be governed as per following rules and Guidelines-

- Systematic arrangement of computers in Computer Lab
- Students, faculty and staff of SSR College of Education must carry their ID card to utilize the facilities of Computer Lab.
- The entire Computer Lab is under CCTV Surveillance to monitor movement of students.
- In case of breakdown, repair the fault internally and / or with the help from external agency. Also maintain record of repair / replacement.
- Codify all equipment
- Inventory/Stock Register and Log Book for each costly and high end equipment in our Institute are maintained on a regular basis which is to be supervised by senior IT-in-charge once a month.
- Software's and computers with Wi-Fi in case of dry labs which are to be arranged with working stations. The concerned students, researchers and Faculty can directly go to the lab and make entry in a log book and can work under the supervision of IT-in-charge or Lab Manager.
- ICT facilities available in the college are meant strictly for academic and research work of students, faculty and staff of the SSR College of Education and these should be monitored and maintained by the IT people regularly.
- Users are advised to maintain sanctity and cleanliness of the labs and maintain discipline while working in the labs to prevent any untoward accident. The users should follow rules for the efficient functioning of the labs and for the convenience of the co-workers.
- Faculties save their PPT's and all study material on Common Sharing Platform.
- Students are making storage of data in common sharing folder.
- Following rules & regulations in all areas of the labs
  1. Maintain silence & Discipline
  2. After completing practical shut down PC properly.
  3. Switch off the main switch/plug
  4. Keep the chair inside the desk
  5. Do not use mobile phone or any other electronic Gazette in lab.
  6. Keep your bags outside the lab
  7. Do not bring any eatables in lab
  8. Use dustbin to throw carbon paper after printout
  9. Keep neat & clean
  10. Make entry in Attendance Muster.

### IT Policy

#### **Policy for using Personal Equipment for college work**

Users are not allowed to use their personal equipment (Computer/Printer/UPS etc.) on office premises.

#### **Policy for using E-Mail & Internet Services**

1. The users of SSR College of Education, Silvassa are bought and governed to use only the mailingservices as defined, installed, or configured by the IT Department.
2. The user will get the user ID only after submitting the approval IT Request form and the purpose of using the E-mail Services is only for official purposes.
3. Users, who are using E-mail Services should maintain their passwords very secret & confidential. The user is responsible for changing the password wherever he/she experiences the unauthorized use of their account.
4. The user using the E-mail Service will be responsible for downloading mail, preservation of importantmail, correspondence the matter, etc. related to his working area/department.
5. The user will face serious consequences if he/she is found to be sending any data related to technical budget, accounts/finance related, institution legal matters, anything about the school/college policy and college quality system, or any information about the organization to any outside sources, clients, suppliers, competitors, or whatsoever. In such cases if any user is violating the rules & regulations of this campus user's policy will have to face legal action or at most, his service can also get terminated.
6. If any users find that other persons are involved in doing so, then the same should inform themanager IT immediately.
7. The user who is using the E-mail service should precisely send using the E-mail Service should send only the relevant information precisely that is relevant to the topic of communication. It may happen so

that the user sending the email can unknowingly see extra unwanted/ irrelevant information to the recipient.

8. Be very careful while opening emails. Never open attachments from unknown persons. They may contain "letter bombs, Spam" or viruses damaging your PC over the network. In such cases, the users will be responsible for communicating the mail to the IT department.

9. The users should not open anyone else's mailbox. Also, they should not send emails using others' Email IDs/accounts.

10. The users should not reply to unsolicited messages i.e. "Spam" mail or other harassing or offensive mail. By responding to such you only give the confirmation that you are a person with an active e-mail address who can be plagued with constant unwanted e-mail solutions.

11. The users should not transmit through the service unlawful, harassing, libelous, abusive, threatening, harmful, vulgar, obscene, viruses, or any illegal material. If found doing so, he/she will be facing serious consequences.

12. The users should not make any use of email services for personal correspondence. Once the user has applied/requested & created his ID, then they are responsible for all the correspondence being made on their ID.

13. The users who require facility Internet surfing should inform so along with the purpose of surfing to the IT manager. IT department reserves the right for deciding whether the facility is to be provided on their desktop / to make a shared usage.

14. The users using Internet surfing facilities are bound by the rules and regulations formed by the IT Department. (E.g. internet surfing machine, dialup locations, surfing locations, surfing timings & usage noting to register in IT department, etc.)

15. Users should take note of the following things while making communication using the E-Mail facility.

A. The users should note that whenever they want to make any confidential, legal matters or important and urgent communication or else any communication where they required delivery notification, report, or feedback then, He / She should avoid using the E-mail facility. Instead, he/she should use a direct telephone line, Fax or courier, etc. which will generate the delivery notification for record purposes.

b. The users should also note that, whenever they receive any such e-mails which are important for future references, decision making or required to be preserved for legal purposes, etc., then he/she should take the hardcopy (i.e. printout), make necessary Inward entry also take seniors authentication and then preserve it for record purposes.

E-Mail communication, though based on links made using telephone lines but still it is an indirect communication and not a point-to-point communication like telephonic communication/fax technology. E-mail which is based on store and forward technology is entirely dependent on circumstances like computer setup and its speed, telephone line speed, modem speed, emails being transferred at that

point in time, and finally on the mailing server's capacity, etc.

IT department will be responsible for providing such type of mail communication tool, providing training for using the tool, initially configuring the setup, dialing up regularly, guiding users for effective and fast communication, etc. The IT department cannot be responsible for delivering the emails to recipients.
